

How to Access Instructional Programs with ClassLink:

ClassLink is a new application that we will be utilizing. With ClassLink, students use just one username and password to access all their digital resources! We are in the process of adding programs.

The ClassLink login information is the **same as their computer login and password**. Teachers may also send a QR code home, which can be used as well. Just select that option at the login screen.

The link for Pine Plains CSD is: <https://launchpad.classlink.com/ppcsd>

★ You can always find this on the district website under the “Students” tab.

★ Most instructional programs can be clicked on and students will be signed in automatically.

★ In order for the Office 365 (email) and Google shortcuts in ClassLink to work, students need to be signed into Chrome with sync turned on.

Many other helpful resources can be found on the district website!
