Subject Line: How I Made My First 10k Using That Strategy

Hey, (Name)!

Let me share a story of my first success in that field.

A few years back, I was literally upset with my losses and wanted to give up on my trading journey.

Despite my tireless efforts and hours of practice, I was losing most of my trades.

I didn't know what I was doing wrong; I thought I should quit.

Whenever I opened a trade, the market went against my expectations.

But at that very point, I read a quote by NAPOLEON HILL:

“Quitters never win, and winners never quit.”

This gave me goosebumps, and I decided to put all my efforts in again.

So, I started consuming more knowledge about trading and tried a bunch of new strategies.

Guess what?

In the next couple of months, I became a profitable trader.

After that, many of my students applied the same strategies and made loads of money.

I told you that story to motivate you.

Remove thoughts of quitting and gear up to start your journey to become 1%.
