

MEMORANDUM

TO: N.
FROM: Milica
RE: Position Available: Girlfriend

QUESTION PRESENTED

You've asked me to prepare a portfolio regarding my qualifications for the position you have listed: Girlfriend. As I understand it, you are seeking a candidate who is *eager*, physically attractive, verbally stimulating, and interested in making and keeping your cock hard. This memorandum will seek to provide you with an insight into my observations on your desires and accordingly what I can offer you that will be of interest to you.

BRIEF ANSWER

You are yet to know me. You have probably correctly identified some of my qualities, though. I am curious, very confident, and interested in pleasing men in ways that make me soaked. I am not shy about my body, and I very much enjoy sharing it via pictures and videos. I am, through and through, a pleaser. That is how I get off. I'm much less interested in how someone might please me, as I am knowing that whatever they are doing to me, or making me do for them, is causing them pleasure. Making his cock hard. This makes us an interesting pair.

You are uninterested in... meekness (maybe you disagree). I think you enjoy a strong personality because it is an obstacle to submission. This is likely a reason why you are interested in me. I might ask you more questions, more openly, than you are used to.

All the same, I have eagerly, willingly, and happily given you what you wanted, when you want it. That makes your cock hard.

QUALIFICATIONS

Thus far, you have enjoyed my contributions to your life. As you know, I'm not shy to answer questions with honesty. I'm happy to communicate and ask questions. More than open to criticism and direction. I see this as something that should make both you and I feel alive. Each exchange should be exciting and, in your words, make my cunt drip and your cock hard.

I can also offer you genuine conversation and a continued curiosity about you and your mind. I enjoy reading your writing, I enjoy asking you questions and making you explain yourself. In any sort of relationship— platonic or otherwise— I enjoy getting to know people. I do not do surface-level relationships well. You might find this intensifies the passion you're after as vulnerability could lend itself to a bit of an adrenaline rush.

BENEFITS

- Access to me, my mind, my body.
- My willingness to share, at your request, photos, audio, video of what you want, when you want, should circumstances permit.
- An invitation to find new limits of mine that I do not yet know.
- Someone interested in knowing you.

CONCLUSION

N will likely conclude that he might be interested and has a desire to discuss, at greater length, the contents of this Memorandum herein. As such, Milica advises that should he have further questions, he might know where to find her. See you Monday.
