SUMMARY

Frontend developer with 7+ years building e-commerce sites and UI components. Currently working in Shopify Liquid, Vue.js, JavaScript, and SCSS, implementing Figma designs daily. Previously built the same product in PHP, Laravel, and Vue before owning the migration to Shopify. Primary frontend developer alongside a backend developer for a multi-brand e-commerce operation.

EXPERIENCE

Snap Supplements & Nutri Marketplace, Vancouver, WA

Feb 2019 – Present

Frontend Developer

- Own all front-end development for the Shopify storefront using Liquid, Vue.js, ES6 JavaScript, and SCSS.
- Implement Figma designs into production code daily, working closely with the design team.
- Previously built and maintained the frontend in a PHP/Laravel/Blade/Vue.js codebase, then owned the migration to Shopify.
- Built the checkout flow with integrations for PayPal, Apple Pay, Affirm, Sezzle, and Braintree.
- Built video and image upload components (Vimeo API) for customer-submitted product reviews.
- Built interactive features: live chat, product recommendation quiz, review system, and blog comments.
- Built embeddable product widgets for affiliates and sellers to use on their own external sites.
- Work as the primary frontend developer alongside a backend developer.

Burkson, Tualatin, OR

Aug 2017 – Feb 2019

Web Developer

- Built responsive WordPress themes from PSD and Sketch design files.
- Created custom WordPress plugins and reusable WPBakery/Visual Composer components.
- Delivered HTML5, CSS3, JavaScript, and PHP development across multiple client sites.

Neturf Solutions, Oregon City, OR

Mar 2017 – Aug 2017

Web Developer

- Developed and maintained websites using PHP, JavaScript, MySQL, HTML, jQuery, CSS, and Drupal as the sole developer.
- Managed website deployment, server setup, and on-page SEO across multiple sites.
