

Preliminary General Education (Single Subject) Teaching Performance Expectations: Part 1 and Part 2

Teaching Performance Expectations: Part 1 – General TPEs

In the matrix below, denote the candidates' opportunity to learn and master the competencies listed. The required course names and numbers should go across the top of the matrix, replacing the "Course Title and Number" text below. For each competency, note when the program/candidate introduces (I), practices (P), and assesses (A) the competency. Notations may occur under more than one course heading. Each notation should link to a specific place in the syllabus within that course that demonstrates that this is occurring.

4.8 Use digital tools and learning technologies across learning environments as appropriate to create new content and provide personalized and integrated technology-rich lessons to engage students in learning, promote digital literacy, and offer students multiple means to demonstrate their learning.						I P A					A	A			
5. Assessing Student Learning. Beginning teachers:															
5.1 Apply knowledge of the purposes, characteristics, and appropriate uses of different types of assessments (e.g., diagnostic, informal, formal, progress-monitoring, formative, summative, and performance) to design and administer classroom assessments, including use of scoring rubrics.			I P		P						A	A	P	A	
5.2 Collect and analyze assessment data from multiple measures and sources to plan and modify instruction and document students' learning over time.			I		P						A	A		P	
5.3 Involve all students in self-assessment and reflection on their learning goals and progress and provide students with opportunities to revise or reframe their work based on assessment feedback.			I P		P						A	A		P	
5.4 Use technology as appropriate to support assessment administration, conduct data analysis, and communicate learning outcomes to students and families.				I P	P						A	A			
5.5 Use assessment information in a timely manner to assist students and families in understanding student progress in meeting learning goals.				I P	P						A	A			
5.6 Work with specialists to interpret assessment results from formative and summative assessments to distinguish between students whose first language is English, English learners, Standard English learners, and students with language or other disabilities.							I P A
