[7. Multi-Vendor Features](#)

1. Overview

The Video Gallery add-on includes everything an online store needs to work with videos. Add products to videos and videos to products. Use video instead of the product image. Create entire video galleries with easy navigation through video categories. Use tags and SEO data for each element for additional SEO optimization. Reviews and comments on videos and their categories will add unique content to your site.

1.1 Support

The add-on was developed by Cart-Power, a CS-Cart official partner and developer. If you need any assistance in installing and configuring the add-on or need it's modification, please contact us through the [helpdesk](#) customer support system.

1.2 Compatibility

The add-on version 2.0 is compatible with CS-Cart and Multi-Vendor **4.10.x - 4.11.x**

If you use add-on version 1.0, please refer to the following [docs](#).

1.3 Buy Now

The official add-on page: <https://store.cart-power.com/cs-cart-video-gallery-add-on.html>

2. Installation

To simplify the installation, configuration and upgrade of our add-ons, we have developed a special service add-on - Cart-Power Add-ons Manager. [Download the Cart-Power: Add-ons Manager](#) and follow the [installation instructions](#).

Once you install it, you will be able to:

1. [Check the List of the Add-ons Purchased for Your Domain](#)
2. [Install Add-ons](#)
3. [Turn on/off Add-ons](#)
4. [Find the Add-on Docs](#)
5. [Set up Add-ons](#)
6. [Upgrade Add-ons](#)
 - a. [Via Add-on Manager](#)
 - b. [Via the Upgrade Center](#)
 - c. [Manual Upgrade \(Add-on Reinstallation\)](#)
7. [Find out Add-on Version Information](#)
8. [Check the Status of the Upgrade Subscription](#)

If you have any issues installing or activating the add-on, please contact us: sales@cart-power.com

3. Add-on Settings

Navigate to **Add-ons > Manage add-ons > Cart-Power: Video gallery**. The following **visual options** are available:

Settings: Cart-Power: Video gallery

General

Visual options

Comments and reviews

Common ▾

Show author of the video: ☒

Hide player controls: ☐

Loop videos: ☐

Videos playback option: Load video immediately ▾

Product page settings ▾

Video as image display type: Replace image ▾

Video thumbnails type: Preview image ▾

Videos list options ▾

Number of columns:

Icons width:

Icons height:

Default video icon: Thumbnails will be generated from detailed images automatically, but you can also [upload them manually](#).

Show author of the video - displays name of user, who added a video.

Hide player controls - hides video player buttons until the mouse cursor is hovered over it.

Loop videos - video will be played again once it ends.

Videos playback option:

- Load video immediately;
- Load video by click.

Video as image display type:

- Replace image;
- Show in popup.

Video thumbnails type:

- Preview image;
- Default icon.

Number of columns - specify number of columns per page.

Icons width and **icons height** - is set in pixels.

Default video icon - you can set a custom video icon instead of automatically created previews.

"Comments and reviews" tab has the following settings for **videos** and **categories**:

4. Work with Video Gallery

4.1 Adding a Category

To add a new category, navigate to **Website > Video gallery > Categories**. Click “+” in the top right corner of the screen.

Video categories

LANGUAGE: English ▾

<input type="checkbox"/>	Pos.	Name	Videos	Status
<input type="checkbox"/>	0	Video Simtech	0	Active ▾
<input type="checkbox"/>	10	New video Simtech	2	Active ▾

In the **general** tab specify main category settings: **name**, **location**, **description**, **status**, **store** (when using CS-Cart Ultimate), **images**. Specify all the necessary **meta data** and **availability** settings. Note, by clicking “+” you may select **category level**: *root level* or *subcategory*.

6. Video and Video Categories Blocks

To add a block with video or video categories, navigate to **Design > Layouts > *Layout name***. Click “+” at section and select “**add block**”.

The screenshot displays the Cart Power layout editor interface. At the top, there is a horizontal menu with various layout sections: Default, Homepage, Products, Categories, Cart, Checkout, Auth, Profiles, Successful registration, Order landing page, Pages (active), Gift certificates, 404, Search results, Blog, Tags, CP: Video gallery - Category, and CP: Video gallery - Video. Below this menu, there are two large rectangular containers. The first container is labeled 'TOP PANEL' and contains a message: 'This container is NOT used. "Top panel" container from the default location will be used instead. Set this location as default to use this container as "Top panel" for all locations. [Set custom configuration](#)'. The second container is labeled 'HEADER' and contains a similar message: 'This container is NOT used. "Header" container from the default location will be used instead. Set this location as default to use this container as "Header" for all locations. [Set custom configuration](#)'. Below the header container, there is a main content area. On the left side of this area, there is a sidebar with 'Breadcrumbs', 'My Account', and 'Recently Vi...'. The main content area itself is labeled 'Main Content' and has a blue bar with a settings icon and a trash icon. Below this bar, there is a red square with a white plus sign, a settings icon, and a trash icon, followed by the text 'Grid 12 (span 12)'. A blue button labeled 'Add block' is positioned below these icons.

In “**Create new block tab**” select “**CP: Video categories**” or “**Video block**”:

Adding block to grid

 Call request Store phone number and form for requesting a call	 Cart content Current cart content	 Categories Category trees
 Checkout Current order information	 CP: Video categories	 Currencies Currency selector
