

Dear Islander Families,

Please save the date for Mercer Island High School's Virtual Curriculum Night. The event is scheduled for **Wednesday, September 30th**. This year our Virtual Curriculum Night will be held asynchronously so that you and your student can go to the MIHS website and click on Curriculum Night link when we go live at **5:00pm or anytime thereafter**, even at a later date in case you are not able to participate that evening.

Our link will consist of a menu of videos for your viewing, including a Welcome from the Administrative Team, an overview of the services provided by the School and R & R Counseling Teams and introductions from each of your high schooler's academic teachers. Teacher videos will include information such as:

- an overview of the year
- curriculum content
- instructional strategies
- communication systems
- materials needed
- grading
- Skyward and Schoology information
- review of the WAG (Week at a Glance)

On the link's menu, each teacher will also have a follow-up opportunity listed in case you have any follow-up questions.

Along with staff introductions, we want students to get connected by joining a club! Our Curriculum Night link will consist of a menu of active student clubs. Each club will post welcome videos along with a description of the club, the staff advisor to contact if you or your student have questions and the Zoom link for the meeting. Check out the list of clubs and get connected!

We look forward to your participation in our Virtual Curriculum Night.

The MIHS Administrative Team
