

**[MF4F] #Maryland — Biblical Poly | For Women  
Who Want Something Real**

## Rob — Married, Masculine, Mission-Driven

Here are [photos of me](#).

Let's be upfront:

I'm already married to an incredible, Proverbs 31 kind of woman.

She's beautiful, supportive, and fully aligned with my calling.

But we both recognize what most people won't admit:

**God never banned biblical polygyny. The church did.**

And in a world where great men are rare and time isn't on your side, some women are waking up to the reality that *sharing a high-value man beats settling for a weak one*.

So here I am.

Not looking for one woman to "complete" me.

I'm looking for one (or more) exceptional women to join a *biblical household*, not a modern circus.

No hookups. No games. No boyfriend vibes.

Just clarity, covering, and **kingdom**.

## Who I Am:

I've lived the fast life: strip clubs, status, success.

Walked away from all of it.

Why? Because **purpose beats pleasure** every time.

Now I live with a mission:

To build legacy. Raise a tribe. Follow Christ without compromise.

- ✓ Author, coach, entrepreneur, ex-nightlife king turned kingdom builder
- ✓ Masculine, dominant, emotionally grounded
- ✓ Physically fit, sexually disciplined (waiting until marriage—again)
- ✓ Debt-free, resourceful, and preparing for off-grid life
- ✓ Already married, but biblically open to more
- ✓ I lead. I protect. I provide. Period.

I'm not trying to fit into society's mold. I'm building my own.  
Faith-first. Family-focused. Fiercely intentional.

## Who You Are:

You're done wasting time.

You've outgrown dating apps, shallow church guys, and the Instagram life.

You want to **build**, not swipe.

You long for:

- **Masculine leadership** without apology
- A **home full of peace**, not drama
- A **man of God** who knows his role and expects the same from you
- **Sisterhood**, maybe—even if the idea scares you a little

If you've secretly thought:

*"Maybe it's not crazy to share a good man if the alternative is being alone or with someone lukewarm..."*

Then we might be speaking the same language.

- ◆ Age 21–36 (ideal) though exceptions exist for exceptional women
- ◆ Fit, feminine, faith-filled (no feminism, no flakes)
- ◆ Emotionally intelligent, drama-averse
- ◆ Comfortable with traditional roles and headship
- ◆ Open to **biblical polygyny**—not as a loophole, but as legacy
- ◆ Loves kids, homesteading, animals, and maybe... chickens 🐔
- ◆ Dreams of living off-grid, growing food, raising babies, and honoring God

Bonus points if you:

- Enjoy homemaking, hospitality, or natural living
- Are ready to unplug from the matrix and live *real life*
- Can appreciate sisterhood without jealousy or competition

My wife and I share a clear vision: a multi-acre homestead where faith is the foundation. Picture a household filled with the smell of fresh bread, the sound of kids laughing, chickens clucking, and a peace the world can't offer. We want to raise children who fear God, know how to work with their hands, and aren't dependent on broken systems.

We believe in hospitality, not isolation. We will regularly open our home, break bread with others, and dream of building a tribe—other families, wives, and children—who live close, do life together, and multiply legacy, not just survive.

If that vision stirs something in you, you might belong here.

## Let's Not Waste Time:

I'm not here to collect fans. I'm here to find **wives**.

If you're curious but cautious—that's fine.

But if you're serious and ready to talk, here's how to reach out:

 Email me ([rob@robbkowalski.com](mailto:rob@robbkowalski.com)):

- Your first name
- Nearest major city
- 3 non-negotiables in a relationship
- A clear, natural photo (face + full body, clothed, no filters)

If we connect, we'll move to a call. No pen pals. No endless chatting.

---

## Final Notes:

- ✗ No sex before marriage. Period.
- ✗ No keyboard queens. I need to see your face and hear your voice.
- ✗ No compromise. We either build legacy or we don't build at all.

To the women who've been waiting for someone to say it plainly:

**You're not crazy. You're early.**

Let's build something that echoes into eternity.
