Each parent has a definite role in the safe and efficient operation of a school's transportation system.

If the transportation program, as a whole, is to function effectively, the parents must assume their responsibilities to the program and extend cooperation and support to the people charged with its operation.

We encourage parents to do the following:

- Cooperate with the school authorities and the school bus driver in promoting safe and efficient services for all passengers.
- Drop the student off 15 minutes before school opens the doors at 08:05 am and pick the student up 15 minutes before school is over (3:35 pm)
- Insist upon good behavior on the part of their children while riding the school bus.
- Instruct their children as to their responsibility for damages caused to the property of others, including the school bus.
- Encourage their children to obey all traffic rules, signs, and signals.

VERY IMPORTANT: DO NOT DROP STUDENTS ON TELLURIDE STREET or GVR BLVD
