

OLLI @ USM Feedback Form

1. What are the most important concepts or ideas you will take from this course?
Why are they important to you?

2. What topics were the most and least interesting to you and why?

3. What enhanced your learning experience the most?

Consider the instructor's teaching style, technology, classroom experience, content, etc. You can name more than one factor.

4. If this course were to be taught again, what would you have the instructor do differently?

5. What other feedback would you like to give?
