## Mystery and Suspense Unit

Respond to the following questions in paragraph form.

Are you afraid of the dark? Heights? Spiders?....What are some of your biggest fears? Why are you afraid of those particular things? Explain.

Do you feel that you scare easily or does not much seem to bother you? Do you enjoy watching “scary” movies? Why or why not?

Why do you think people like to be scared? For example, why would anyone want to go through a haunted house or go on an intense roller coaster ride?
