# Examples

**Sketch examples:**

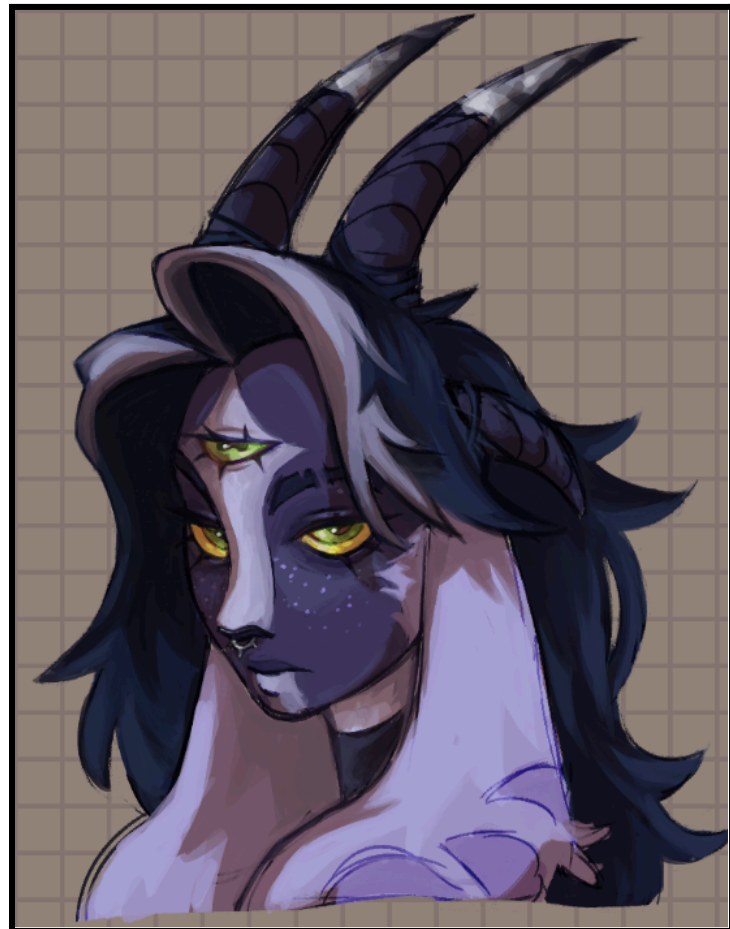

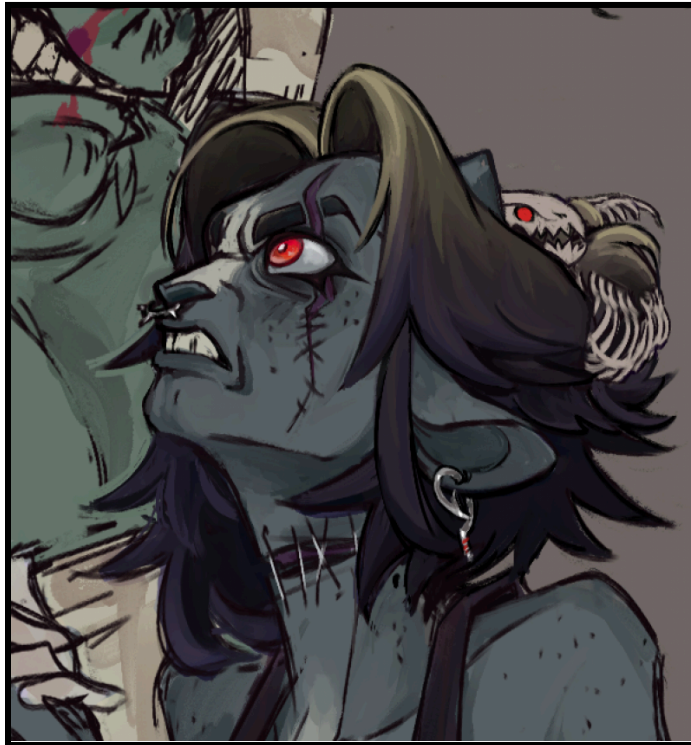

Line-Art examples:

**Full Render examples:**

Digitally Painted references:

**Character Turnarounds/References:**

- **Banners/Icons and Thumbnails don't have examples but I can provide one to the commissioner if needed.**

**IMPORTANT!!**

## **Terms and Conditions**

As the commissioner you are responsible for reading these terms and conditions, if there is any confusion, and questions of any sort, contact me on ko-fi, bluesky or my gmail - krowekom@gmail.com

All pieces created are not to be used for AI training or NFTs of any sort, neither is it allowed to be distributed and created as merchandise.

If a piece is finished and the commissioner is dissatisfied in any way, let it be known, changes will be made within reason, state the changes you'd like, and then it'll be acted upon accordingly. Requests for changes must only be within a day with a simple list, I will not go back and forth with a client unless viable.

If things get in the way of me finishing a commission then it is my responsibility to let you know of this information, and if in any way I cannot finish the piece, a refund will be available. While a commission is in process, I will make it a constant to show progress on said piece.

I, as the artist, have the right to refuse a commission if I decide to, and have full rights to my work, if posted to other sites it is required to put credit.

I am currently a freelance artist who works at home, usually I'm available most of the time, but if things get in the way it will be known once again.

My form of payment is ko-fi, stripe, venmo, and cash-app, full price will be paid upfront after the first initial sketch.
