

Group Teaching Project (Semester 1)

Work days (5): 20 points per day for full participation (cannot be made up from absences)

Presentation days: 50 points for presenting on each day (cannot be made up from absences)

Total: 200 points

- You will teach for two days (one chapter a day)
- I will give you the study guide I have prepared. This is the MINIMUM information you must teach the class.
- You must use some type of multimedia (Google presentation, Prezi, create a blog, create a website, etc.)
- You MAY use video clips but this CANNOT be the bulk of your instruction.
- You must create a note taking worksheet
- You must have reinforcement activities (321, journal, matching games, readers theater, etc. I have used many types in class as an example and you may have liked something used in another class that you would like to borrow)
- We will have unit tests after the chapters are presented from each unit

Schedule: (We will not deviate from this schedule. If you are not prepared to present on the assigned day, you fail this assignment.)

October 24 - November 5: work and planning days

November 7: Chapter 9

November 11: Chapter 10

November 13: Unit 3 Test (Chapters 9-10)
