# Bettina Egli Sennhauser

Bettina creates her narratives and vocabulary through innovative surfaces abstracting from what and who is around her and how she relates to it. She uses natural materials and issues for intimate and personal poetry.

Bettina's artistic approach is a unique blend of process and intuition. She allows the properties of sustainable materials to guide her, approaching each painting with a childlike curiosity. In a dialogue with her work, she remains nonjudgmental, focusing on the potential of each piece. This process grants her the freedom to explore her creative curiosity, allowing her personal narratives to resurface and deepening her understanding of herself and her societal role.

Egli Sennhauser is a self-taught artist, author, and R&F Artist Instructor, teaching encaustic, cold wax, and fresco workshops in Switzerland, Germany, Austria, USA, and Ireland, as well as online. In 2023, she published the Cold Wax Workbook "Der IdeenFänger zum Kaltwachs 1x1" (ISBN 978-3-9525943-7-7, in German). Bettina is a member of the Swiss Society of Women Artists (SGBK), the International Encaustic Artists (IEA), and a Co-Chair of the European Chapter of the International Encaustic Artists. Her works have been shown in group shows in Switzerland and Italy and in exhibitions in the US.
