

Privacy Policy

This app does not collect, store, or share any personal information.

The app is designed to connect directly to devices on the user's local network (such as OBS) using user-provided connection details (IP address and port). All communication occurs only within the user's local network.

No data is transmitted to external servers.

This app does not use analytics, tracking technologies, or third-party data collection services.

No user account is required to use this app.
