INTRODUCTION

Introduction part for research-based manuscript should contains: (1) Background; (2) literature reviews; (3) research question(s); and (4) the aim(s) of the research.

RESEARCH METHOD

This part contains a description on the research design. Research method should contain: (1) research design; (2) data source; (3) data collecting technique; and (4) data analysis. In this section, author must avoid the use of dot points, alphabetical order, or numbering. The writing should be written as follows: (1); (2); (3)

RESULTS AND DISCUSSION

This part contains the findings of the research and should be written systematically. The data or information that presented only related to the purpose of research. Author can use subheads in this section as long as necessary. Author also should avoid the use of footnotes. Number and the title of the table must be place on the top-centre of the table, with the information of source (if any) on the left-below the table. Every table should be made without horizontal line. Number and title of the picture must be on center-below the picture.

Image 1. Suasana di Pelabuhan Kecil Kota Makasar
Source: (If Any)

Table 1. Lorem Ipsum Dolor Sit Amet

Variable	Group A	Group B	Group C
A	100	100	100
B	200	200	200
C	300	300	300

Source: (If Any)

TABLE: Use horizontal lines for clarity and avoid vertical lines unless they are essential to the structure of the data. For table, the font size can be adjusted by the author to suit the size of the table (10pt or 11pt)

CONCLUSION

Written in 1-2 paragraph without the use of dot points, alphabetical order, or numbering.

ACKNOWLEDGEMENT (OPTIONAL)

Tells technical matters that contributed to research, both institutionally and individually.

REFERENCES

Bibliography is compiled with APA style that is sorted alphabetically. This section only contains the sources used and quoted in the text, and all sources cited must be listed in the **references and consist of at least 30 to 50** most recent reference sources **(in the last 5 to 10 years and references consist of 80% of journals and 20% non-journal)**. Reference format see **Reference (APA^{6th} Style)**. It is better to write reference system in articles and in reference section using reference management program such as **Mendeley, EndNote, Zotero**, or others.
