

The next update cycle for Crimson Veil has begun and for this update I will be holding another contract contest!

However, this one is special, because **it will revolve around adding the final new Pet to the vampire route!** This will be the last opportunity to add a party member to the game created by YOU! Be sure to read the rules below!

In addition to this quest, the next update will also include a second contract written by me. **This contract will focus on Eve** and give a bit of backstory on her.

The quest will also have players returning to an older location from the hunter route! I'll be sharing some images with you next week of the sort of story this will be.

This last bit is for Patreon supporters. As I mentioned a few months ago, the billing structure has now changed to comply with Apple's imposed policies. What new and returning patrons need to know is that they SHOULD NOT subscribe to me through the iOS app, as Apple will take a percentage of what you pledge to me if you do so. I understand that this is inconvenient, but there is not much that can be done about this on my end. My hope is that

somehow Patreon will push back on these predatory practices from Apple, but until then, it is what it is. Regardless, thank you always for your continued support.

That's all I have for you this week. Until next week everyone!

Contract Contest!

Round #11

- The idea you submit must include earning a new Pet (party member) for Mila.
- Contracts must include themes of corruption.
- The idea you submit must be for the Vampire Route. The chosen side quest will be accessible after the events of Chapter 3-V.
- Contracts may not include themes of: scat, guro, furry, bestiality, and/or futanari. (**This list is subject to change at my discretion**).
- Contracts must use wholly original characters (Meaning no characters from the story chapters can be included as part of the side quest's plot).
- You may only submit one idea.

- Contract ideas are limited to 3 different characters, meaning only up to 3 original characters that have illustrations attached to them (This does not apply to NPCs without art.)

- Contract ideas may only have 1 alternate ending (Meaning 1 “bad” ending and 1 canon ending.)

- Each contract submission must have a title and name for how you would like to be credited. Otherwise you will be credited as “Anonymous”

- Contracts should be descriptive, but limited to **4 paragraphs or less**

- Do not include any of your personal original characters, as the submitted character will be adapted to my liking and may be used again in the future without consent.

- **Proofread your submission and make sure the idea itself is a quality contribution that will add to the betterment of the game.** I will be curating each submission, so if I feel your idea does not fit in my game, or is poorly written, I will not add it as a choice. If you are unsure about your submission, you can also send me a message directly to ask about it.

If you need an idea or reference on how to properly write your contract submission, you can view some previously selected contest suggestions here:

Previous Contract Submissions

- **Be aware** that should your contract be selected, it is subject to adaptation. If I feel that parts of your idea need to be changed, they will be. I will do what I can to preserve your idea as best as possible.

You must submit your idea by Saturday, 11/9/24

I will only accept submissions sent via email. Please send your idea to:
(crimsonveilgame@gmail.com)

Good Luck!
