

Wanderer's Diary

*A series of entries from the diary of **Fallout 3's** Lone Wanderer.*

Most know of the so-called messiah of the Capital Wasteland, the man known only as the Lone Wanderer. To the righteous, he is a saviour. To the evil, he is a nightmare made manifest. And to those who actually know what he's like as a person, he's a dangerous nutjob with some serious psychological issues.
