Use the following data points to make a bar graph about the different types of mammals and the number of babies they have at one time.

Name of Mammal	Number of Babies at once (mode)
Human	1
Dog	5
Domestic Cat	4
Rabbit	6
Mouse	8
Elephant	1
Hamester	6
Pig	9

Use the following data points to make a bar graph about the different types of reptiles and the number of babies they have at one time.

Name of Reptile	Number of Babies at once (average)
Corn Snake	25
Leopard Gecko	2
Bearded Dragon	22
American Alligator	35
Boa Constrictor	37
Garter Snake	25
Komodo Dragon	22

Use the following data points to make a bar graph about the different types of ocean creatures and the number of babies they have at one time.

Name of Reptile	Number of Babies at once (average)
octopus	50,000
Giant salamander	500
Blue whale	1
Great White Shark	2
Green Sea Turtle	200
Sea Otter	1
Jellyfish	45,000
Clownfish	1,000
