

Name: _____

Family Science Tracking Daylight

Each month of the school year, you will keep track of whether it is **light** or **dark** outside when you wake up, go to school, eat dinner, and go to bed. Write the month and the date of your observation. Circle either light or dark for each time of the day.

Month: _____ Date: _____

Woke Up	Went to school	Ate dinner	Went to bed
 light  dark	 light  dark	 light  dark	 light  dark
