

WAKEFIELD MIDDLE SCHOOL

HALLWAYS STAIRWELLS AND WATER FOUNTAINS

OVERVIEW

Throughout the building, all hallways will have signage reminding students of safe distance and to walk on the right side of the hall. Students are to maintain 6 feet of distance whenever possible. When waiting to enter a classroom, students will stand on the dots outside of the classroom door. One student per dot.

CLASSROOM PODS and LOCKERS

Students should not congregate in groups in the pod areas. Students will be given specific times to visit their lockers. When visiting lockers, students should take care not to crowd other students using their lockers.

STAIRWELLS

All stairwells are one-way. The middle stairwells between the 400 and 500 pods are both "UP ONLY". The outside stairwells, in the 2400 and 2500 pods, are both "DOWN ONLY".

WATER FOUNTAINS

Water fountains may only be used to fill up water bottles. No persons may drink directly out of the water fountains. Students must bring their own water bottle. If a student needs water and does not have a water bottle, he or she may request a cup for a one-time use.
