

# Summer Enrichment Programs Outside of the US

## How to Make the Most of Your Summer

Academic and enrichment summer programs can be found all around the world. Students should consider these programs only if they are genuinely interested. This list is a sampling provided for information only; links here do not translate to an endorsement of any particular summer program.

**\*\* You can also create your own opportunities over the break by working in your community or taking online courses. This is also a good time to work or do an internship to learn more about the career(s) you are interested in within your own community/country. \*\***
