

Mentoring phase project document

<Training>

UPDATE: 2021.11.01

Instructions to participants:

1. Make a copy of this document.
2. Share the link to the document with the trainer.
3. Fill the table with the necessary information.
4. You may leave some of the parts blank if you are unsure of them. We will discuss them during the mentoring calls.

<Group name>

<Group members> - <Organisation/Office>

Project name	<i>What is the title or name of your project?</i>
Project theme	<i>What is the theme of your project?</i> - cybersecurity - health - disaster risk mapping and mitigation - climate change - diseases - etc.
Project description	<i>Describe your project.</i> <i>What are your objectives?</i> <i>What do you want to show?</i>
Data	<i>What are the data/datasets that you need?</i> <i>What are the sources for this data?</i> <i>What other information about this data do you know?</i>
Possible data sources	<i>Where can you find these data/datasets you need?</i> <i>For example:</i> - USGS EarthExplorer: https://earthexplorer.usgs.gov/ - NASA EarthData Search: https://search.earthdata.nasa.gov/ - ASTER: https://asterweb.jpl.nasa.gov/gdem.asp - ESA Landcover: https://esa-worldcover.org/en - Copernicus Open Access Hub: https://scihub.copernicus.eu/dhus/#/home - Global datasets:

	https://grasswiki.osgeo.org/wiki/Global_datasets
Analysis steps	<i>What are the general and specific analysis steps that you need to do?</i> <i>Flowchart?</i>
Target audience	<i>Who is/are the target audience for your project?</i>
Prospective output/s	<i>Model?</i> <i>Map?</i> <i>Data visualization/presentation?</i> <i>Methodology?</i>
