

## **Turning on 2-Step Verification in Google**

1. Open your [Google Account](#).
2. In the navigation panel on the left of the screen, select Security.
3. Scroll down to the section "How you sign in to Google".
4. Click "2-Step Verification" and then click Get started.
  - a. You may need to re-enter your password to continue

The setup process defaults to setting up your cell phone to receive a call or text message with a code to enter into Google when signing in. This is the easiest way to enable 2-Step Verification with Google.

1. Enter your phone number in the space provided.
2. Choose whether you want to receive a text message or phone call. A text is the least invasive method.
3. Click Next. Once you Click Next you will be sent a text message with a code to enter on the following screen.
4. Enter the 6 digit code and Click Next to verify the connection to your phone number.
5. On the next screen Click Turn On to officially turn on 2-Step Verification and complete the setup process.
