SHALOM Dear Leah,

During all passed years I didn't forget you.

I still remember the big red apple which I gave you in the FF Book Fair, in spite of the fact long time is passed since we meet each other. It was very symbolic beginning to our relationship.

I can't forget your warm hospitality and the days and nights I spent in your company in Paris and other places. I still remember our meetings with the best artists. A wonderful gets were opened before my eyes for ever.

I remember you as a wonderful and sweet memory and I'm wondering if one day in the future it will be possible to meet you again. Dear Leah, I hope you feel well with good health. I feel well and during all this long time I did a lot. I wrote few books - short stories, novels and researches about the Jewish communities in Central Asia. Few Years I served as a diplomat in Muslims countries of ex-Soviet Union and I wrote a travel book about this TERRA INCOGNITA. All my children are married and I'm very proud as a grand pa. I hope you are happy, as well, with your children.

I hope this letter will meet you and you will find a time to write to me.

As you know this days are the ROSH HASHANA and KIPPUR days (Your sister Nidra was born in the eve of Kippur day?). I wish you and all your family An Happy New Year.

Yours

BEN
