Reid goes over budget

- Low on membership fees
- Promote fundscript and amazon and flip give stuff
- Talk to Rotary about fundscript
- Ask Heather what conference registration fee will be
- Membership has 200\$ to spend
- ISC and CSC still each have \$300 dollars to spend (can pull from other sources to make it \$500)
- Must spend \$300 on guest speakers (to ensure we get that much funding next year)
- Meeting room, refreshments money etc. not being spent (potential surplus of \$800)
 - Think about where else we could put these funds
 - Possible to start a long-term project. Ex; microloans
- Place order for membership packages
- Can suggest Rotary get 100% of their profits up to how much they give us (\$1500)
 - Currently set up for 50% profits for them and 50% us
