---

---

What is something that this project taught you that you can apply to life after high school?

---

---

---

---

---

---

---

---

How did you participate in this class project? (Did you feed, help with pig boards when weighing, clean her pen? Was there a day you stayed after school to help take care of the pig?) Be specific.

---

---

---

---

---

---

---

---

How would you improve the management of this project for next year's class? What management skills and techniques do you think would be beneficial?
