Mission Statement

Wolf Creek Public Schools inspires success, confidence and resilience in every student.

Vision

Wolf Creek Public Schools will ensure our students reach high levels of achievement to prepare them for a successful future as lifelong learners who embody strong character and citizenship. To do this, we will:

- Create places to learn and work where staff and students are happy, recognized and fulfilled;
- develop critical thinkers able to adapt to the challenges of an ever changing world;
- design balanced learning environments to support the intellectual, emotional, social and physical development of all students; and
- openly and honestly communicate as we welcome the involvement of all parents, staff and students in the diverse communities we serve.

Values

Wolf Creek Public Schools values and nurtures positive, authentic relationships while ensuring safe and caring learning and work environments.

- We care by being open, honest and transparent in how we engage our schools and communities and honour their contributions to help guide our future.
- We respect inclusivity and diversity to ensure everyone is treated fairly and equitably.
- We create supportive, caring learning environments.
- We are accountable by demonstrating integrity in our words and actions.
- We model the importance of maintaining personal health and wellness.

While our vision is purposeful to reflect the needs and priorities of our community, we also ensure alignment with Alberta Education’s Business Plan.
