

## **Introduction to Advanced Discipleship Training**

### **We have two goals for Advanced Discipleship Training:**

- The focus is primarily on the spiritual transformation of the individual student, with an in-depth study on essential Biblical topics that apply to real life issues. We want you to understand and experience the life-giving power of God's grace.
- Secondly, the program provides hands-on training to equip the student in communicating the transforming grace truths as a natural expression of their own experience. We will give you the tools you need to share these truths with others.

### **Our Expectations:**

- **Attend classes each week:** Thursday nights from 6-9pm, either in the office or online.
- **Personal coaching:** You will be assigned a mentor from our staff, and we ask that you meet with your mentor 5 times during the training for a total of 5 hours, either in the office or online.
- **Reading the suggested books:** It is your responsibility to obtain books from the list at your own expense. Most books and pamphlets may be ordered online through the usual outlets or at: [TheLifeBookstore.com](http://TheLifeBookstore.com)
- **Completed listening of the required audios:** (which are available online)
- **Scripture Memorization:** It is very helpful to memorize as many of the scriptures on the list as possible. We will try to help with this by sending a weekly email for one verse to discuss and reflect on via the email string.
- **Writing a reflection paper:** The reflection paper can be on any subject pertaining to your union with Christ, the Exchanged Life. Most people write a testimony of what God has done in their lives while in ADT. This paper should be 5 to 7 pages, typed, double spaced. Papers will be read aloud in class the last few weeks of training.
- **Confidentiality:** Confidentiality is a must while you are in training. Please keep what is said in class, in the classroom. There is a section in the student information form that requests your signature, stating that you agree to adhere to this policy.
- **Cost:** Cost for the remainder of the training is \$1500. This amount can be paid monthly, (We will work with you if this does not fit your budget.)
- 
-

➤ **What You Can Expect**

- **Personal one-on-one coaching** will give you the opportunity to ask specific questions and allows you the ability to work through issues in your own life as the training progresses.
- **Engaging with the audios, the reading, and memorizing the scriptures** will enhance what you are learning and accelerate the process of renewing your mind.
- **You will receive the tools and training** needed to share these truths with others.
- **Access to the online resources.** As an ADT student, you will be given access to a web-based dashboard where you will find all the class recordings, notes, audios, and discipling handouts after each class is completed.
- **God's Provision.** Through the years, we have seen that God provides all you need in the way of time, energy, and finances. If He has called you to this training, He will provide a way for you to complete it!

Would you take a moment now and ask God to reveal His heart for you regarding the training?
