Dreaming Dreams Worksheet

1. **Your Dream** must not be related in any way to things you can earn from MK at any time. For example, "My dream is to take my family to Spain at a cost of $5000." OR "My dream is to pay my child's $10,000 private school tuition." Anything that you can earn from MK (car, star consultant prize, directorship...) is not a dream, it is simply the rewards of your work.

My dream to make come true by _____ is: _____

_____

Total dollar amount needed to make my dream come true: $_____

2. **Your Dream Number...**Use the formula below to determine your Dream number

Your **Dream Number** is what you need to sell each week to pay for your Dream and still be able to replenish your inventory.

$_____ divided by ____ months = $ _____(a)

$_____ (a) divided by .4 = $ _____ (b)

$_____(b) divided by 4 weeks = $_____= your Dream Number

My Dream Number is $ _____!
