The Music and Theater Arts Department Inspires and Prepares lifelong learners to:

- **Follow Their Passion**
  - Students discover the joy and discipline of theater and music
  - Students develop their artistic and music potential as creators, performers, listeners, and observers
  - Students engage in meaningful artistic experiences that grow their curiosity and intellect

- **Engage In Their Communities**
  - Students present their work in public shows and performances
  - Students participate in community events as part of their coursework
  - Students cultivate and apply skills in language development, reasoning, coordination, engagement, cognitive development, emotional intelligence, mindfulness, resilience, personal discipline, self confidence, and teamwork

- **Positively Impact Our Global Society**
  - Students discover opportunities for lifelong, active participation in art and music as creators and consumers
  - Students participate in and respond to diverse artistic experiences enhancing the understanding of various cultures and promoting cross-curricular experiences
  - Students apply their acquired skills as critical and creative thinkers, collaborators, communicators, and Innovators
