Adding to the Gallery

Through the dashboard view, select “Media” then “Add New Media File”.

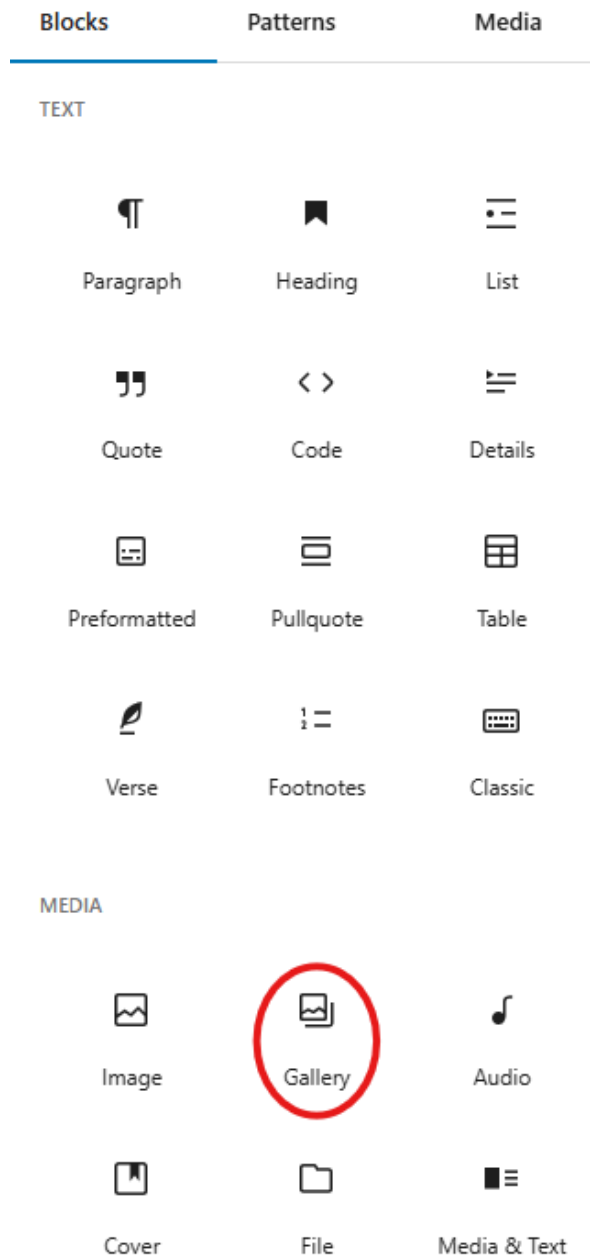

Drag-and-drop the files, or press “Select Files” to upload the images to the Media Library.

The Gallery block will open and allow you to either upload your images from your device or from your Media Library.

Once you choose your image/images off your “Media Library”, a panel will appear on the right side.

Create a new gallery

You can add captions as you add each photo or click “Create a new gallery” at the bottom of that panel and write the captions underneath each image.

You can also click on “Add caption” after adding the image to your post/page and do one caption for all the images in your gallery.
