NATIONAL RECOGNITION

Fredon School was nationally recognized by Character.org as a Promising Practice School. Character.org is one of the most widely recognized organizations when it comes to promoting student and school growth both inside and outside of the classroom. Every year, their organization recognizes schools who stand above and beyond when it comes to the programs and initiatives provided to and for students. This year, Fredon school was recognized not once, but twice for the quality programs we provide. The first "Promising Practice" we were recognized for is called "Opportunities for Upstanders and Collaborative Connections" for fostering an environment that allows our older students to be leaders in the school and to help support the growth of our younger students. The second practice we were recognized for is called, "Collaborative Support and Sharing Resources for Improved Instruction" for our unique way of tapping into the collective expertise of our staff as well as the instructional resources we have in the building to improve our instruction across the school. We are very proud of this great honor because it highlights what we already know to be true- Fredon School is a special place to learn and grow!

****To Kick off Socktober, Wear your craziest socks on October 4th for crazy sock day****

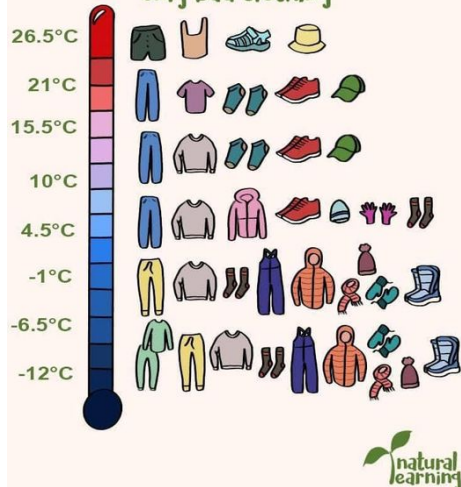

As the weather changes and temperatures are cooler, please make sure your child(ren) are dressed for cold weather as we will have outside recess whenever possible.

SCHOOL DRESS CODE

A School Dress Code has been established for our entire student body. The Board of Education recognizes that the basic responsibility for proper dress lies with the students and their parents. However, it is felt that guidance and direction from the school is necessary in order to instill an atmosphere conducive to learning and ensure the safety of our students. The administration accepts the responsibility for making all decisions relating to acceptable dress. Dress that poses a potential safety hazard, or is distracting in nature is prohibited. Students' shall wear apparel that is appropriate and safe for school.

As the temperatures become colder it is expected that students wear jackets for outdoor recess, physical education classes, and emergency drills. Fredon School will continue the practice of holding outdoor recess when the outside temperatures are at or appropriate.. All students that wear jackets to school will be required to put those jackets on when they go outside. If family circumstances are such that a student is unable to own a jacket, please contact our school nurse who can make arrangements for jacket donations while keeping your information confidential. If you feel that you want your child(ren) to go outside without a jacket when temperatures warrant a jacket, please notify the Chief School Administrator via email for record-keeping purposes.
