Dos and Don’ts

Surprise!! I will do any kind of artwork you need no question asked, But I cannot draw everything “efficiently” so here are the things I can draw faster and things that would be more challenging for me to draw (Mostly it will take me longer to draw).

Specializations: SFW, NSFW, Anime’ish or Semi-Realistic, 1 and 2-Point perspective. Simple Props, Abstract and Simple Background, Simple Poses, and Kemonomimi.

Challenges: Fully Antro characters or Furries, Animals, Mecha, Cars, In perspective or expansive backgrounds Cityscapes, Lush Forrest, Etch.), Extreme body shapes (Really muscular, To the bones thin, and Really Fat bodies), Gore, Complex props, Characters interacting with each other, and Other Art styles (Realism, Abstract, Still Life, Etch.)

Client and Artist Rights

Commissioned artworks made are automatically for commercial use. These artworks are also going to be posted for my social media and online portfolios with watermark unless the client specify not to do so.

Turnaround Time

Generally, an artwork will take 4 to 8 weeks to complete but may take longer if an artwork contains anything challenging for me or any additional characters.

For Traditional Art

Extra TOS for Traditional Art commissions. Traditional art commissions are strictly for locals only because I cannot or do not know how to ship artworks outside my country.

There would be an extra cost for traditional art due to material expenses; it can be more or less depending on the medium that would be used.

Shipping fee must be shouldered by the buyer.

I am not responsible for any small damages that may occur during shipping.

Meetups are much preferable as long as you’re near my area.

Payment for traditional must be paid before shipping and for meetups payment can be directly done on the side before I give the artwork.
