

### Staff of Recording

(from "The Revenge of Rusak")

This is an ornamented staff topped with a single crystal orb. When placed upright in the earth, it can either record or display. When the command word is spoken to record, the staff records all events within a 30' radius for up to 24 hours. Likewise, when it shows, it plays back everything that it has recorded. The staff can only have one scene recorded at any given time. If a new scene is recorded, any previous scene is lost.
