Why and How of OG Billing

We have always billed a portion paid by parents out of pocket and a portion by OG PO

Why?Due to the limitations set by OG charter school we must, for liability on our end and not on their end and to keep our OG vendor-ship safe to continue

We must offer families a portion of the outside nature day with Our Nature Immersion crafts and skills community time, paid for by **OG funds/portion/PO**

Then, **We must** have parents pay for the portion of the outside nature day; *our knife, tree and fire curriculum skills and all skills not allowed within OG limitations*, can be paid for by parents called our **NON OG/Parent Out of Pocket**, as regulated by OG to preserve our Vendor relationship.
