

Crystl Finance Team

Geo Kahn —Chief Operating Officer

As the COO of Crystl Finance, Geo's job is to ensure CRYSTL is driven by a rock solid strategy, talented individuals, & adequate resources. Geo comes with a strong background of data science in the financial services industry and consultative services. He is passionate about graphic database systems & executing multi-million dollar projects that bring innovation to the DeFi industry.

Rich Jamo—Solidity Developer

Originally an Electrical Engineer, Rich's career has taken him on a winding road through corporate finance, leadership development, and executive coaching, only for him to find himself back in a Software Development role and loving it! Rich is passionate about building cutting-edge tech at Crystl Finance, working together towards a new age financial system that is both fair and free.
