

My WHY

Why do I want to be a great copywriter and make a lot of money?

1. My whole being depends on it. All of who I am and who I will become depends on it.
The cost of failure is too high. I have no other option but to make this work or I will lose myself and my loved ones. If I don't do this, every promise I made will be broken, and my being will break with it. If I don't do this I will stay a loser FOREVER. And the winners will run over me with their royal horses. If I fail I will be the biggest liar to myself and others. I need to prove to myself and the whole world that I am who I say I am.
2. If I fail my family will live as slaves to people with power. And we will never get what we want in life. If I don't do it my family will starve, my sisters will cry, my mom will scream, and my brothers will break. If I fail we will be among the cattle of the new world's order.
3. I want FREEDOM. I want POWER. I want to OWN things and do WHATEVER THE FUCK I WANT with them. I want to be SEEN, HEARD, LOVED, RESPECTED, and SALUTED. I want people to WISH they were ME.
4. If I stay a loser, Y.M, Salla, Brendan, Bruce Lee, Petar, Merthie, King Saud, and All the other Gs in TRW will go so far ahead of me I won't even see them. They will be disappointed in me. They will not respect me. No one will. And that I cannot have.

Numbers 3 and 4 are actually my main driving forces. And this has been bothering me. It feels selfish. But it bothers me no more. It is what fuels me the most and I will use it to the max.

Yes, I want to save my family. Yes, I want to escape the matrix. Yes, I want to retire my mother. Yes, I want my brothers and sisters to have anything you want in life.

But most importantly, I want to be THAT GUY!

I want people to see me, mention me, talk about me, and be like:

Man! Maaaaannn!! This Duuuuddde!!! Is there anything he's not good at?? Is there anyone who can match him???

He's so freaking awesome!

This is WHY I work hard. This is WHY I do this.

I will take it with force. I will bend this world to my will. I will be The Osama Ghanem.
