

Practical Application Report for Task 4 of Module 4 ARTIFICIAL INTELLIGENCE IN EDUCATION

General Information	
School:	Person and role at school:
Subject(s) – Level – Group Class:	Stage/cycle:

TASK COMPLETED
Provide the classroom session design you created using AI, with the tools mentioned in the task.

Evidence of Implementation
Include screenshots, photos, and/or real videos to demonstrate that you have carried it out with your students.

Reflection on the effectiveness of the work done in relation to the use of AI for designing a classroom session (OPTIONAL)

If you find it relevant, you can include a section with your impressions of the tool.
