Mathematics Recommendation (8th Grade)

For students entering the 8th grade, we highly recommend the following for use at home:

- **TI-30XIIS Scientific Calculator**
 - *Principal's Note:* Having this specific model at home for homework and studying provides consistency with classroom instruction. This is a durable tool that will continue to serve your student throughout their high school career.

Textbooks and Workbooks

Instructional materials such as books and workbooks will be issued directly to students by their teachers. Please be aware that these are school property; **replacement costs** for lost or damaged items vary by book.
