Lead singer wanted!

We are a new folk group from Nottingham and we write our own songs (both the music and the lyrics).

Contact us if you like your own voice. Maybe we will too!

If you know how to read music and play a few chords on the piano, it will help.

Do you sing out of tune?

It doesn't matter as long as you really know how to play the guitar (and not just how to tune it). To be part of our band you also need a very good sense of rhythm.

We have a lot of gigs coming up, both on the radio and live gigs. So if you like to work on stage, call us immediately.

Do you always sing in tune?

Then it is you we are looking for.

We are a mixed choir and our new conductor, who also accompanies us at performances, hopes to get more good singers.
