

## ELA - Third Grade

Today we are reading a nonfiction text about Why Zebras Have Stripes? We are going to see how scientists take steps to answer questions and find answers. Do you think there is a sequence that scientists use? You bet!

Author's use sequence or chronological order to organize text.  
Watch this video to review text structure. (pay attention to the sequence section)

<https://www.youtube.com/watch?v=nmmOOxA-ig8>

Now you are ready to read! Look for sequence key words and how the author organizes the text.

<https://sciencespin36.scholastic.com/issues/2019-20/090119/why-do-zebras-have-stripes.html>

Make a list of the steps that scientists use to help them solve a mystery .

Now think of something else that uses sequence. (recipe) Ask an adult to help you find a cookbook and choose a recipe to read and maybe make. Is it important to follow the sequence - yes! Plan a meal for your family and help prepare the meal.
