

COLORADO COALITION_{for} RESTORATIVE JUSTICE PRACTICES

CCRJP Convening Reduced Ticket Form 2025

Goal: Promote equitable access to restorative justice practices for all individuals and communities throughout the State, especially those who may be lower-resourced or who are on the margins of RJ development in Colorado. We aim to reduce the financial burden on Colorado communities with unmet RJ/RP needs who are underserved due to location and/or socio economics by providing focused outreach, engagement, and additional support to encourage RJ/RP implementation, through both in-person and hybrid access to events.
