

iReady: How to Assign a Diagnostic

From the iReady Dashboard:

- Click on **Assess & Teach** in the top menu bar
- In the window that appears, click on **Assessment** on the left side.
- Click on **Math** in the middle.
- At the top of the screen is a Diagnostic box that shows the testing windows. In that box is a small **Assign New** button. Click on the **Assign New** button.
 - Admin has access to assign to whole school, select classes, report groups or students.
 - Teachers should be able to assign to whole class or specific students.
 - Select the option that matches your target audience for this diagnostic, then click the **green arrow**.
 - Continue to click the green arrow on each page until you get to the "Review & Confirm" page. On the review page, make sure your selection is correct, then click the green **Assign Math Diagnostic** button.
