Point Arena City Council to Hold Study Session Focused on Housing

Para leer este comunicado de prensa en español, visite nuestra página web pointarena.ca.gov/housing y busque en "Enlaces del Proceso de Actualización de Vivienda."

On Tuesday, October 24th, the Point Arena City Council will conduct a study session focused on proposed updates to many of the City's housing-related regulations. The study session will be held both in-person and via Zoom. The updates to be reviewed address a variety of housing topics for which the Council has provided direction at previous meetings. Please note: these updates do not include Accessory Dwelling Unit (ADU) regulations as the Council voted to adopt modified ADU regulations at its September 26th meeting.

The City of Point Arena is committed to addressing the pressing need for affordable and accessible housing within the community. Residents are encouraged to attend, to share their thoughts, and to have a hand in shaping the future of our community.
