EU MISSIONS

RESTORE OUR OCEAN AND WATERS

uEuropean Maritime Day Interest/Participation

Contact point: mip-communication@technopolis-group.com.

Limassol, Cyprus - 21-22 May 2026			New
Project name	Interest/Participation format	Contact details	Topic/basin  : in-person attendance  : content to share at the Mission booth
OLAMUR*	Digital video/PPT/slides/poster- can submit to be displayed at the Mission Ocean booth WP Leaders & partners will be in attendance (physical) and so able to participate in joint sessions / panels / events Happy to participate in joint booth / Mission activities.*	communication@eatip.eu david@eatip.eu	Aquaculture Seaweed and blue mussels Windfarms North and Baltic Sea  
Joint booth SHORE & BlueLightS projects	Blue education and art booth (if selected, already submitted) + 15-17 public engagement activities (“Blue Senses”) in various cities in Cyprus co-organised with other EU projects and Cypriots organisations + available for short presentations (or a collage of schools	s.bonnet@euronovia.eu a.loudieres@euronovia.eu	Ocean literacy / Blue education  

	videos/pictures) at the Mission booth if relevant		
SeaClear2.0	System presentation video Informative animation video Will be attending EMD in person.	Ms Evi Stavrou: digital@isotech.com.cy Ms Demetra Orthodoxou: project@isotech.com.cy y	Marine litter prevention 
SUNBIO project	Digital poster and/or infographic can be displayed.	tilegrafou@atlantisresearch.gr info@sunbioproject.eu	Clean energy production 
BlueActionAA project	Digital poster, infographic, PPT slides for the Mission Ocean booth, if relevant	alessandro.colombo@aircentre.org ; patricia.cuan@aircentre.org	Community building Atlantic & Arctic 
BlueMissionBANO S2030 & BlueActionBANOS	Digital poster, infographic, PPT slides for the Mission Ocean booth, if relevant	fk@submariner-network.eu ; st@submariner-network.eu	Community building Baltic and North Sea 
DTO-BioFlow	Happy to participate in the joint booth showcasing the DTO-BioFlow video, digital PPT, digital poster, fliers, and playbook.	 carlijn.koole@seascap.be seascap.be Online contact: j.arteza@trust-itsservices.com ;	Marine biodiversity data  : content to share at the Mission booth  : in-person attendance
PHAROS	Interest in session if possible Digital poster, infographic, PPT slides	info@pharosproject.eu	Marine biodiversity

	for the Mission Ocean booth, if relevant		
Joint Booth Application BLUE CONNECT BLUE4ALL PHAROS BioProtect EFFECTIVE MSP4BIO	Station 1: Smart Planning & Data (The Blueprint) <i>Focus: How we map the sea and plan protection using real data.</i> MSP4BIO: Will showcase the Ecological Toolkit (ESE1) (a step-by-step guide for spatial planning and climate resilience) and hand out physical copies of the MPA-MSP Guide . BioProtect: Will demo the Marine Planner (spatial planning decision support tool), the Public Participation GIS (PPGIS) Analyser (mapping where local knowledge meets conservation) and the BioProtect Biodiversity Toolbox . PHAROS: the Blueprint platform (now the MPA solutions hub) should be released anytime in April Blue4All (PHAROS + BLUE CONNECT): MPA Solutions Hub	info@pharosproject.eu	 

	<p>SkyTruth: Printed material/video demo of how the 30x30 Progress Tracker is being used by advocacy groups to secure stronger marine protections across groups of countries</p> <p>Station 2: On-the-Ground Tech & Restoration (The Field) <i>Focus: Direct tracking, field tech, and physical tools.</i></p> <p>PHAROS: Gran Canaria Demo VR meta goggles. By May should be ready EDITO dashboards of Iceland (Erik Karlsson DTU) and Ireland (+ some hydrodynamic model development, Alex Ziemba Deltares)</p> <p>BioProtect: Can share concrete updates and methods from their recent eDNA (environmental DNA) surveys used to track biodiversity at sea.</p> <p>BLUE CONNECT: Restoration in the field (Spain - Seagrass & Belgium - Oyster)</p> <p>Station 3: Communities, Funding & Citizens (The People)</p>		
--	---	--	--

	<p><i>Focus: Engaging managers, coastal communities, and standard citizens.</i></p> <p>BLUE CONNECT: Will showcase the Ocean Literacy Toolkit (practical guides on communicating marine science) and dive into the common methodology for co-management schemes and possibly in line with BLUE4ALL loop Demo Site Videos from local stakeholders.</p> <p>BLUE4ALL: Will live-demo the MPA Solutions Hub, distribute printed Financial Guidelines for MPA managers, and loop Living Lab videos (if we rent a screen).</p> <p>EFFECTIVE: Will showcase the COSEA App—a live, citizen-science mobile app (already on app stores) used to track marine observations.</p> <p>PHAROS: Showcase MINKA platform: Gran Canaria and Danube Delta projects are quite popular on MINKA platform</p>		
--	--	--	--

	<p>MSP4BIO: Will present the socio-economic criteria and present trade offs scenarios as printed materials</p> <p>BioProtect: Linking local knowledge to decision-making (PPGIS + socio-economic insights)</p>		
AlgaeProBANOS	Digital PPT / poster to present project activities and results to date can be provided for the Mission booth.	fbu@submariner-network.eu	<p>Algae products</p> 
REMEDIES	Video material representing REMEDIES innovations (biodegradable fishing gear, plug and pay for zero-waste, seaweed coating for cosmetics, AI aerial drones; Catalogue of solution for Regenerative zero-waste local value chains. Will not be attending EMD, material and videos will be shared via email and package post.	uros.novak@ki.si	<p>Microplastic, pollution</p>
