

Career Mapping & Career and Resource Planning Workshop Schedule

Career Mapping & Career and Resource Planning is a two-part workshop that is offered monthly to new and existing Career Coaches.

In this two-day workshop, you will learn how to facilitate the Career Mapping and Resource Planning tool the Aligned Partner Network uses.

Part one of the workshop will cover how to lead your participants through the career mapping tool to build relationships with them, identify their transferable skills, and brainstorm career options based on their skills, strengths, and interests.

Part two of the workshop will cover how to use the career map to build concrete career goals for your participants, recognize barriers to those goals, and find the resources needed to support them in reaching their goals.

Please send the registration link to the Career Coaches. It is good for both days. They will receive a zoom link to join the meeting once registered. For additional information email your APN Liaison.
