Students must provide official documentation to verify date of birth.

Students in 9th grade and above need to show academic records from their previous school(s). Public Transitional Kindergarten through 8th grade students who have attended school in the United States will be placed in their age-aligned grade. Students otherwise matriculating from prior schools will typically have the successive grade assigned. Any requests for grade placements that differ from a student's age-aligned grade would be determined by a Student Success Team (SST) following a sufficient window of enrollment to accurately assess the student.
