

Terms of Service

- I reserve the right to decline any commission I don't feel comfortable working on.
 - For examples of what I probably will and will not accept, see **Will Draw/Won't Draw** below.
- Please have a thorough idea of what you want from your commission. I'm more than willing to workshop details by brainstorming with you, and to refine the idea via sketches, but I work better with clear directions!
 - Visual references with labels or short explanations are very helpful.
 - Written descriptions are more than welcome! I like hearing a thorough breakdown of your idea.
- I require 30% of the final price to be paid up-front.
 - I accept payment through PayPal.
 - Once I receive the down payment, I will begin work on your commission.
 - I will send an invoice for the remaining 70% once you're satisfied with the final piece!
- Absolutely **no refunds after you approve the scene(s)**. Once I start animating, I will expect payment.

I Love Drawing:

- Hypnosis
- Transformation
 - Petrification in particular
- Encasing
- Really Obscene Bodies
 - **Current fixation:** nothing go away

I Won't Draw:

- Real people.
 - This means no celebrities, nor yourself or a partner; human OCs are still fine.
- OCs you do not have the right to use.
 - If you show proof that you have permission from the owner of a character or fursona, I'll happily draw them!

PRICING BELOW DON'T STOP READING

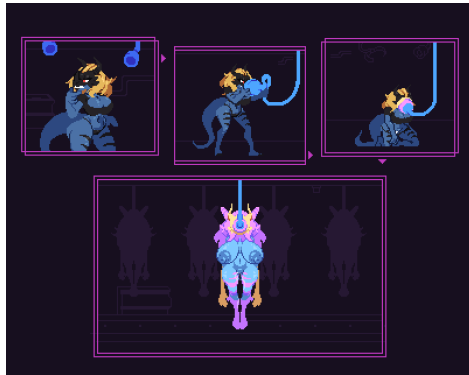

Pricing

- **Pricing is divided into 3 categories: Short, Sequence and Long Commissions**

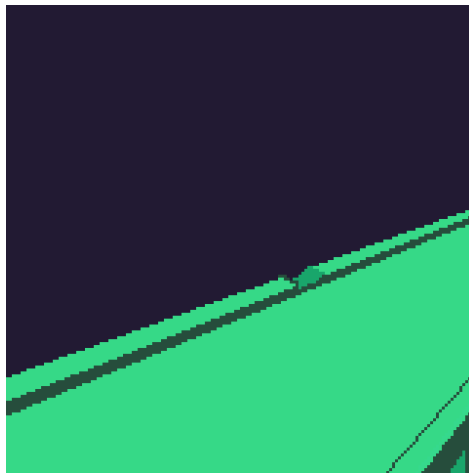

- Short: \$50 (basically just a regular drawing that moves)

- Sequence: \$50 each scene (basically just a lot of regular drawings that move)

- Long: \$50 per scene but each scene increases by 10 additively (\$50 + \$60 + \$70, etc) (closer to a fully fledged animation, with some weird rules)

MORE BELOW

- Price **increases** for each additional character.
 - +100% for each character, i.e. two characters are double the price, three are triple, and so on.
 - If you're okay with me reusing an animation for one of the characters, you won't have to pay extra for them being in that scene!
 - This also includes characters with multiple major body parts or characters who are mid-fusion.
 - Many heads/tails being animated separately
 - Multiple torsos or sets of limbs
 - Occasionally, taur characters, depending on complexity
 - **When in doubt, ask!**
- Price **generally does not change** for characters with highly detailed designs, i.e. wings or complex coloration.
 - That said, please remember that you're commissioning pixel art. Some details may be lost or simplified due to the stylized, low-resolution nature of my animation.
