Lanterns Officially Gets a Season Order from HBO

WB is bringing back the HBO branding, separate from MAX. Lanterns will be a new HBO series, showrun by Chris Mundy (Ozark, True Detective Night Country), and written by Damon Lindelof and Tom King.

Gunn/Safran: "We're thrilled to bring this seminal DC title to HBO with Chris, Damon and Tom at the helm.

John Stewart and Hal Jordan are two of DC's most compelling characters, and LANTERNS brings them to life in an original detective story that is a foundational part of the unified DCU we're launching next summer with 'Superman.'"
